The colour of the parts in the instructions does not match the actual color of the real interior. The interior was in ivory colour overall for other details see the realistic box art painting.

Die demonstrativ farbig dargestellte Bauanleitung entspricht nicht der realen Farbgestaltung der Teile. Interiergrundanstrich wurde im Elfenbeinton durchgeführt.

Barvy jednotlivých dílů v návodu neodpovídají reálné barvě interiéru. Základ interiéru byl v barvě slonové kosti, zbarvení detailů najdete na titulním obrázku na krabici.

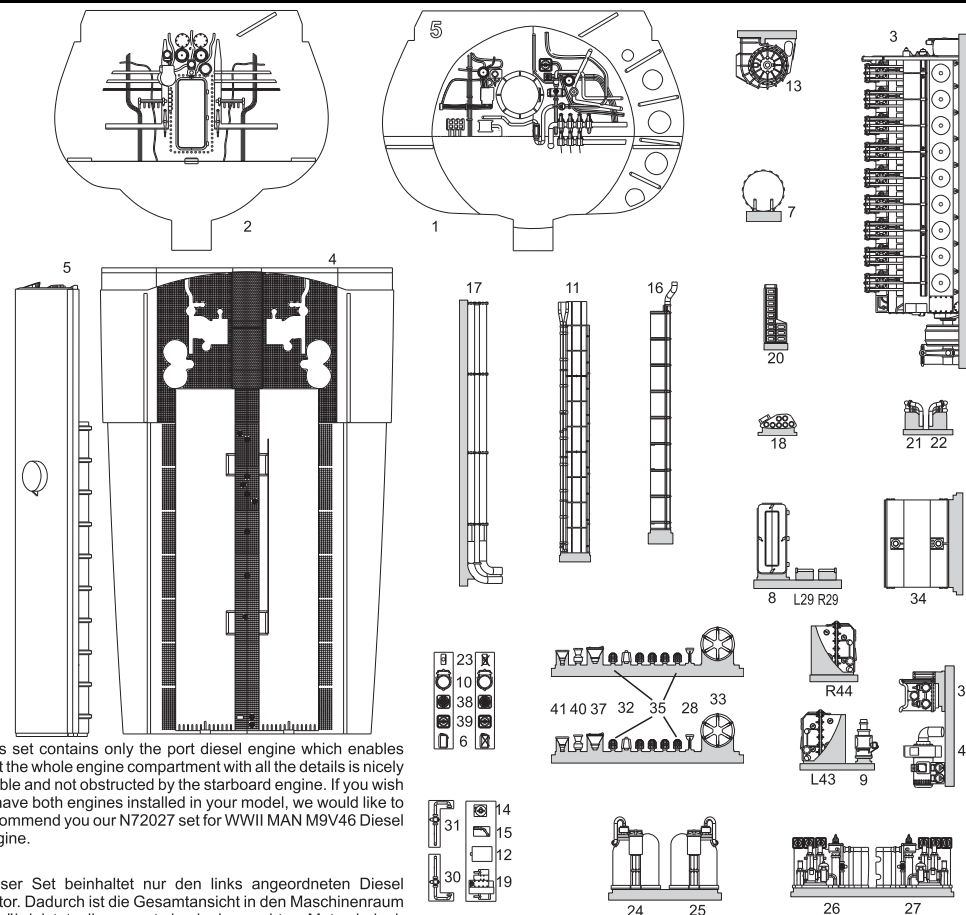

N72017

Diesel Engine section Dieselmotorenraum Dieselmotorová sekce

Highly detailed upgrade set
Hochdetailliertes Upgrade-Set
Detailní doplňková sada

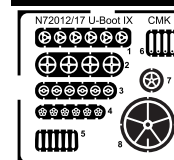

For Kit:
U-BOOT typ IXC
Revell 1/72

This set contains only the port diesel engine which enables that the whole engine compartment with all the details is nicely visible and not obstructed by the starboard engine. If you wish to have both engines installed in your model, we would like to recommend you our N72027 set for WWII MAN M9V46 Diesel Engine.

Dieser Set beinhaltet nur den links angeordneten Diesel Motor. Dadurch ist die Gesamtansicht in den Maschinenraum gewährleistet, die sonst durch den rechten Motor beinah komplett verdeckt wäre. Falls Sie beide Motoren einbauen möchten, empfehlen wir Ihnen den Set Nummer N72027 WWII Diesel Engine MAN M9V46 zu kaufen.

Tento set obsahuje pouze levý dieselový motor. Díky tomu je vidět celý motorový prostor se všemi detaily, které by pravý motor zakrýval. Pokud chcete mít v ponorce oba motory, doporučujeme vám zakoupit set N72027 WW II Diesel Engine MAN M9V46.

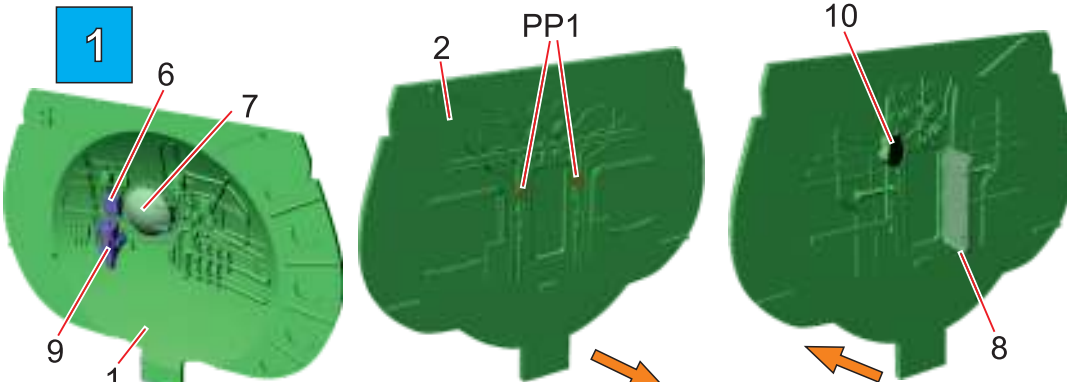

CMK Micro Saw
Mikrosäge

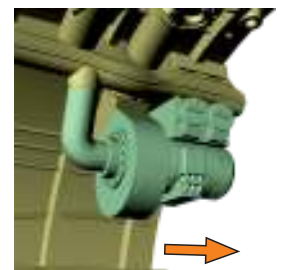

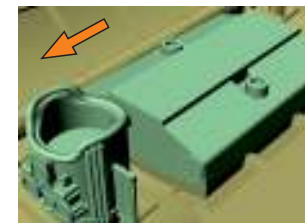

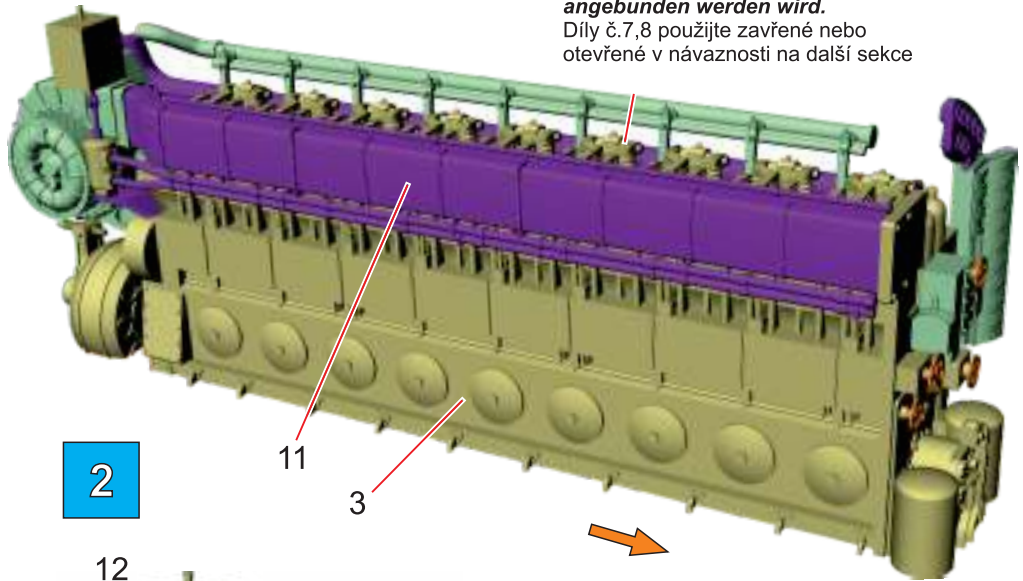

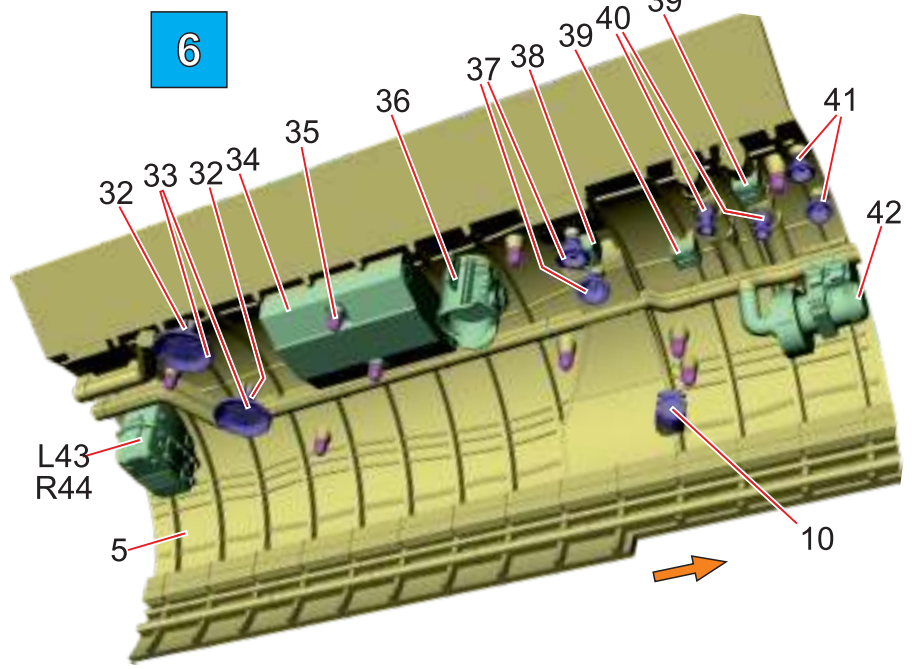

Wires and plastic profiles are not included in the set
Draht und Plastikprofile sind nicht Bestandteil dieses Upgrade-Sets
Dráty a plastické profily nejsou součástí stavebnice
