

4475 TBF-3/TBM-3 Wing Gun Bays

1/48 for Accurate M. and Academy kits

PUR - Polyurethane parts

© Special Hobby 2024

Díly ohnuté popř. pokroucené vlivem teplotních změn a stárnutí materiálů, mohou být narovnané do požadovaného tvaru pomocí proudu teplé vody nebo vzduchu (fén na vlasy). K lepení použít kyanoakrylátové lepidlo! Kontaktní plochy doporučujeme před lepením odmastit. Různé drátky a tyčinky nejsou přiloženy.

Parts slightly distorted and bent owing to temperature changes or due to material aging can be straightened to requested shape by hot water or hot air jet (hair dryer). This process can be repeated till result is entirely satisfactory. For best result use cyanoacrylate glue! Ungreasing contact areas is recommended before gluing. Wires and rods not included.
